

Deferred Gift Annuities

Plan for Your Future and Support Women Across the World

Deferred Gift Annuities are a beneficial option particularly for younger donors since they make fixed annual payments to your and/or a beneficiary for life, with payments starting at a future date.

How it Works

A deferred gift annuity is a type of charitable gift annuity in which you make a charitable contribution upfront but delay receiving the annuity payments until a later date, typically after retirement or at a time when you anticipate needing additional income. This option allows for potentially higher payout rates compared to an immediate gift annuity because the payment is deferred.

Simple Steps:

1. You irrevocably transfer cash, securities, or other assets to a charity. to Women for Women International.
2. You choose a specific future date and Women for Women International begins to pay you or up to two beneficiaries fixed annuity payments for life. The deferral period can last for several years.
3. The principal passes to Women for Women International after the lifetime(s) of the beneficiaries.
