

Make a Lasting Impact Through a Gift of Stock and Securities

Donating stock or securities is a great way to support Women for Women International while receiving potential tax benefits. You could also earn a charitable deduction for the full fair market value for your gift and avoid capital gains tax on securities that have increased in value if you have owned them for at least one year.

Please let us know in advance by providing the donor's name, contact information, stock name, symbol, and number of shares you plan to donate, so that we can ensure that you receive a tax receipt and acknowledgement for your records.
