

Personal Property

Your Property Can Make a Big Difference for the Women we Serve

Donating tangible personal property can be an effective way to save money on taxes, dispose of property that is expensive to insure or maintain, and support the work of Women for Women International.

How it Works

Your personal property can be put to good use helping women across the world reclaim hope for their future.

Simple Steps:

1. You transfer personal property like antiques, paintings, etc. to Women for Women International.
2. Women for Women International may hold the property and use it toward our efforts or sell the property and use the proceeds to advance our mission in the world.
